**THE WORLD'S LEADING DEVELOPER & MANUFACTURER
OF pH TEST PAPERS, SANITIZER TEST KITS,
pH BUFFER STANDARDS & SPECIALTY TEST PAPERS.**

PRIVATE LABELING / CUSTOM PACKAGING

Micro Essential Laboratory, maker of standard-setting pH and sanitizer test products, offers a wide array of private labeling and custom packing solutions to meet your company's marketing needs.

Micro Essential Laboratory's pH measurement and sanitizer test products are used and trusted worldwide in homes, schools, and laboratories, and throughout the healthcare, food, and environmental-safety industries. In addition to making the highest quality pH and sanitizer test products, Micro Essential also offers a range of **private labeling options** and **flexible custom packing solutions**. Our graphics division can customize color charts and packaging to feature your company's logo and meet your design specifications.

For more information on putting your company's name on Micro Essential products, contact:
Rob Lynch at 718.338.3618 | Rob@microessentiallab.com
