

## Hydrion® Peracetic Acid (PAA) Test Strips, 0-160 and 0-2000 PPM

A Quick, reliable, and easy way to test the strength and efficacy of PAA solutions used in many applications including healthcare and food service.

PAA-2000 measures the concentration of PAA at the ranges commonly used to disinfect in hospitals, nursing homes, and other healthcare facilities.

PAA-160 measures the concentration of PAA at the common ranges used for sanitization in vegetable and fruit wash applications in food service establishments.

- A quick, simple, reliable way to ensure compliance with industry specific guidelines.
- Hydrion products are trusted by health agencies around the world
- Made in USA
