Hydrion® pH and sanitizer test kits since 1934

## Hydrion® Insta-Chek® Quat Test Strips

Get results in one second. Insta-Chek® test strips are a reliable, easy-to-use, way to test quaternary ammonium-based sanitizers in food-service establishments, as required by federal, state, and local food safety codes.

Hydrion sanitizer test kits have been trusted worldwide for nearly 40 years to test the concentration of quaternary ammonium-based sanitizer solutions. Our QT-500 Insta-Chek® quat test kit measures the concentration of quaternary ammonium compounds in food-industry sanitizer solutions. QT-500 is formulated to test both 2-chain and 4-chain quat solutions.

- A one second, simple, reliable way to meet federal, state and local food safety guidelines
- A must for every health inspector's tool kit
- Trusted by health agencies around the world for mandatory sanitizer testing
- Formulated to test both 2-chain and 4-chain quat solutions
- Made in the U.S.A.

QT-500
